All applications must be received by **JUNE 1, 2007**

What is B.O.S.S.

Developing high school students as future entrepreneurs starts with comprehensive instruction to develop student understanding of the difference between being an entrepreneur and an employee, the required knowledge, skills and abilities to be an entrepreneur, and the process and content of and the actual completion of a business plan.

The curriculum which achieves these objectives is designed to culminate in the actual completion of a business plan with all students participating in an annual business plan competition either individually or as a team.

Eligibility is open to all sophomore, junior or senior high school students in the nine-county region.

Expectations of B.O.S.S.

STUDENTS:

The B.O.S.S. program will mirror the real world. As in the real world, when you become an entrepreneur, work ethic and time commitment are two critical skills. The BOSS program, in mirroring the real world, places a heavy emphasis on your commitment: timeliness, follow through on projects and the desire to be the best you can be.

Some of the activities that you will undertake as part of this program will include

- keeping journals
- learning entrepreneurial and business vocabulary
- working in teams and
- writing a business plan.

The project will start with 54 hours of instruction covering entrepreneurial basics and business plan writing. At the conclusion of the classroom instruction, students will have completed a business plan on the topic of their choice. After all the business plans are complete, the students will participate in local and regional contests.

This program is an excellent opportunity to determine if entrepreneurship might be a career option for you!

PARENTS:

Do you want your kids to have a unique experience this summer while they earn cash and college credits?

The Eastern Indiana Regional Workforce Board is partnering with Indiana University East to present unique business educational opportunity for your 2007-2008 high school sophomore, junior and senior.
